

LYNDHURST FEBRUARY NEWSLETTER 2020

February was an eventful month at Lyndhurst! Mr. Singh's Grade 6/7s put on another amazing Valentines Carnival for all our students to enjoy on February 14th. Everyone enjoyed a fun spirit day on the 7th, dressing up like it was the 1980s. We continued to practice our school safety drills with a fire drill on the 21st. Also, Division 1 had two mornings of skating lessons. Another highlight was our Basketball Intramurals. Thanks to Mr. Sandhu for providing this opportunity for our grade 6/7 students. Cath from Saleema Noon taught us about Body Science on the 26th which was also Pink Shirt/Anti-bullying Day. All of our classes have been working on a School Wide Family Heritage Project. If you look in our front hall display case you will see that all of our students and staff have placed stickers on a world map to show where our ancestors came from. It is wonderful to see the diversity here at Lyndhurst!

Report Cards will be coming home on March 13th which is our last day before our Spring Break school closure.

As we continue to focus on our school goal of improving student reading, remember that reading at home is an important part of improving students' skills. Please see the paper copy of the newsletter for more tips to support your child when reading at home
